# Contemporary Pull Handle Range from Invoke

This NEW and innovative range from Invoke offers superb quality, highly aesthetic contemporary pull handles, which are available in both corrosion resistant **Brushed St. St. Effect Aluminium** or **316 Grade Stainless Steel**.

## Modern Architectural Pull Handles

**Brushed Stainless Steel Effect Aluminium**  
14.11.01-18 (Straight) / 14.11.02-18 (Angled)

Straight 40mm x 10mm aluminium handle in 800mm length (600mm centres). Available with either Straight or Angled external fittings to suit.

**Stainless Steel**  
14.12.01-07

Straight Ø35mm 316 grade stainless steel handle, in 1000mm and 1600mm lengths with adjustable centres.

## Fixing Kits

14.12.98 (Back to Back) / 14.12.99-07 (Bolt Through)

All handles come supplied with **Secret Fix** fixing kits as standard. **Bolt Through**, with flat stainless steel caps and **Back to Back** fixing kits are also available to suit your project.
